# MR CAN

## ECM SOLUTION'S

The MR CAN ECU Tester is a powerful & user-friendly diagnostic tool designed for modern vehicles equipped with CAN systems. It helps technicians quickly test, analyze, and verify ECU communication without installing the ECU in the vehicle-saving time, effort, and cost.

- **All-in-One ECU Testing Solution**

Designed for accurate testing, and diagnosis of automotive ECUs without installing them in a vehicle

- **All-in-One ECU Testing Solution**

RFID-based authorization for secure operation and protection against unauthorized use

- **All-in-One ECU Testing Solution**

Compact & rugged metal enclosure  
Clearly labeled ports and controls  
Easy to use for technicians and ECU repair specialists

- **All-in-One ECU Testing Solution**

Eliminates trial-and-error vehicle testing, reducing diagnosis time and improving repair confidence
