Tiles • Bathware • Marbles

Elevating Spaces with Premium Solutions

We Are a Premier Manufacturer And Exporter Of High-Quality Tiles,
Bathware, And Marbles From India.

BRAND STORY

Soon is an expression of the great ceramic tradition of Soon Ceramic LLP, an Indian multinational group and world leader in the manufacture and distribution of Ceramic Tiles, Bathware and Marbles.

SOON CERAMIC WAY OF LIFE

MADE IN INDIA

SINCE 2012

Since the first steps were taken in the year 2012, Soon Ceramic has carved its niche as a consistently growing organisation with sheer innovation and passion rooted in simplicity.

We endure gratification for every experience that we offer, created to share something truly meaningful. It may not resonate with the majority, but that is what takes us a class apart. If only a handful were to understand the purpose of our existence, we would be proud to have found our believers. Rather, people with whom we can share our beliefs.

CMD SPEAK

India being one of the largest domestic market and has emerged 2nd largest consumer of ceramic / vitrified tiles in the world and very well positioned to take the mantle of a Global manufacturing base. Soon Ceramic has played its own role in achieving this goal. Since our founding in mid 2012, we have been moving forward on many fronts to capitalize on the vast growth opportunities by improving our operating efficiency and expanding our business portfolio. Today, as a result of our internal growth initiatives and several strategic and innovative initiatives, our business has grown many folds and we have emerged as the largest manufacturer of ceramic/vitrified tiles/Marbles with an aggregate capacity of 86.47 million sq. mtrs.

Year after year, we have consistently set higher benchmarks. Our business has grown strength by strength with our hard work and persistence.

Apart from growth, the company is focusing up on larger consumer satisfaction in the years to come.

Mr. Ankur K Dhaduk

Chairman & Managing Director

VISION

Committed to delight customers with world class ceramic products and services. Make Soon synonymous to best quality and set new benchmarks of excellence for all stakeholders. Pursue best business practices with utmost integrity to make Soon Ceramic an exciting organization to work with, for vendors, channel partners, investors and employees alike.

MISSION

Gain world wide recognition in the field of ceramic building products through Research and Innovation and bring an enhanced lifestyle within reach for every household.

CORE VALUE

Innovation is a state of mind.

Quality begets excellence.

Integrity makes us who we are.

A Global outlook break all boundries

Teamwork can build empire.

EXPORT PACKAGING

We believe that to make quality packing and customer satisfaction is our top most priority.

TILES

SANITARYWARE

MARBLES

Shipping

We know there are some risk of little breakage during transition from factory to customer's ware house but we minimise that risk with safe logistic practise.

We binds pallets with safety belts in container and we puts air bag to fill the space between two pallets. We also cover pallets with blue bag.

GLOBAL PRESENCE

Soon Ceramic commodities are sold in more than 35 countries around the world, including India, several Arab nations, Africa, and some European countries. We have responsible professionals who handle all export activities with useful information and skills. We provide top-notch logistics services to our worldwide customers. To ensure safe cargo movement, we use airbags between pallets to prevent damage. Additionally, we offer a single window solution to our valuable clients worldwide.

Our core purpose is to develop genuine long term Win-Win business relationship with overseas clients that's why we believe to provide exclusivity of designs and full marketing support like catalogue, binder, samples, display panels etc.

OUR QUALITY CONTROL STEPS

01. PPSMI

Pre Product Sample Matching Inspection

We match with approved master sample with the production master sample and signed off once approved

02. OPI

Online Production Inspection

It enables us to confirm that quality as well as compliance to specifications, OPI is being maintained all production check throughout the production process.

03. FPRI

Final Production Random Inspection

FPRI is an essential element of supply chain management. It is done at the end of production, as soon as the tiles packed in boxes before palletising.

04. ICL

Inspection Container Loading

ICL Provides reassurance that finished goods are handled correctly when loaded into containers to ensure safe transportation and delivery to final destination.

ACHIEVEMENTS

We extend our heartfelt appreciation to our patrons who have stood by us at every turn. The array of accomplishments we've garnered in our brief journey is a tribute to each of their contributions.

Innovator of the Year 2023: Recognized by the International Innovation Forum for our groundbreaking contributions to the field of technology and business innovation.

Community Impact Award 2024: Honored by the local Chamber of Commerce for our significant positive impact on the community through philanthropic initiatives and sustainable business practices.

AWARDS & RECOGNITION

At Soon Ceramic, our dedication lies not in seeking recognition, but in crafting innovations that epitomize simplicity and substance. We strive not merely to stand apart, but to evoke appreciation for the tangible impact our creations can bring to the world.
